01 Day 1 · Saturday — ESG Foundations & Reporting

1

ESG Fundamentals & Global Reporting Frameworks

SAT 11:00-13:30 · 150 minutes

- Materiality, double materiality and stakeholder expectations.
- How GRI, SASB and TCFD relate in practice.
- Hong Kong reporting context and the HKEX ESG Guide.

Take-away: A framework-selection logic for a sample company.

2

HKEX ESG Reporting Guide

SAT 13:30-15:00 · 90 minutes

- Mandatory Disclosure Requirements and comply-or-explain provisions.
- Climate-related disclosure expectations and reporting structure.
- Review of real public ESG reports and common gaps.

Take-away: An HKEX disclosure checklist mapped to report sections.

3

Industry Case Study Workshop

SAT 15:00-18:00 · 180 minutes

- Benchmark 2-3 real Hong Kong company ESG reports.
- Identify credible disclosure, missing evidence and greenwashing risk.

Take-away: A reusable benchmarking template and evidence checklist.

02 Day 2 · Sunday — Carbon Accounting & ESG Strategy

4 Carbon Accounting & the GHG Protocol

SUN 11:00-14:00 · 180 minutes

- Scope 1, Scope 2 and Scope 3 boundaries and categories.
- Activity data, emission factors and unit conversion.
- Planning an organisational GHG inventory and data collection.

Take-away: A working GHG inventory structure.

5 Scope 3 Calculation Workshop

SUN 14:00-15:30 · 90 minutes

- Screen the 15 Scope 3 categories for materiality.
- Compare supplier-survey, spend-based and screening methods.

Take-away: A completed Scope 3 screening exercise and calculator.

6 ESG Strategy & Implementation

SUN 15:30-17:00 · 90 minutes

- Material topics, targets, governance and implementation roadmaps.
- Data ownership, internal buy-in and greenwashing controls.

Take-away: A one-page ESG strategy canvas.

7 Green Finance in Hong Kong

SUN 17:00-18:00 · 60 minutes

- Green bonds, sustainability-linked loans and ESG investing.
- Overview of the HKMA and SFC green-finance landscape.

Take-away: A map of the Hong Kong green-finance ecosystem.

03 Outcomes, logistics and enrolment

Learning outcomes

- Interpret major ESG reporting frameworks and HKEX disclosure context.
- Build a basic GHG inventory and Scope 3 screening.
- Review ESG reports using structured evidence and disclosure checklists.
- Draft an ESG strategy with material topics, targets and governance responsibilities.

Certificate and CPD

Participants who complete the course receive a Certificate of Completion from Peak M&S Education Centre. The certificate does not guarantee employment, salary, professional registration, CPD acceptance or GSF reimbursement. The course is not Law Society or SFC CPD-accredited.

Trainer information

Ask the course team for the confirmed trainer name and a verifiable profile before payment. We do not publish unverified qualifications or anonymous outcome claims.
